Article, “Soviet’s Announce ‘Charity Tax’” 1975

By Sherry Anne Gura
NEW YORK (JTA) The Greater New York Conference on Soviet Jewry held a demonstration July 15 against the impending Soviet Union’s tax on charity dollars from abroad, claiming it is “blatant injustice.”

The demonstration, a mock fund drive in order to present 10,080 percent of all moneys the Soviets were, was held outside 289 Park Avenue, the location of the U.S.-USSR Trade and Economic Council.

Eugene Gold, Kings County District Attorney and Conference chairman, asserted that “if the Soviets are to be forced out of the country, the need for money that has to tax charity dollars when they can afford to spend billions to build their nuclear weapons.”

The tax, which will go into effect January 1976, adds 30 percent to the already existing 15 percent on all moneys entering the country from abroad.

Emigres Lose At Helsinki
LONDON, (JTA) The head of the all-union emigration office has told Prof. Aleksands Lerner, a leader in the struggle of Soviet Jews for emigration, that the registration document signed at the Helsinki European Security Conference would not affect Soviet policy on applications for exit permits to emigration to Israel.

The Soviet official “explained that the reference in the document toward making “a verifiable improvement of the situation” in Soviet Jewry is not an indication of the government’s readiness to start any new moves toward emigration; nor is it a promise of any improvement of Soviet Jewry’s status,” the JTA reported.

Rosh Hashonna
People to People Project

In the wake of recent anti-Israel, anti-Jewish campaigns by the Soviet government, an estimated 1½ million Soviet Jews have requested permission to emigrate to Israel. In all but a few cases, these requests have been denied. In desperation over 400 Soviet Jews have presented signed appeals to their government and the U.N.: “Let us go!” A Rosh Hashonna greeting from you will express your solidarity with these courageous Jews. Further, your card will afford them some measure of protection, since the Soviets hesitate to persecute those widely known to people in the Western world.
