Proceeds from the event support Youth Entrepreneurship Education programs at WRHS, now serving more than 36,000 Northeast Ohio school children annually. The 100 Year Club Celebration is presented in partnership and through a generous leadership grant from the Burton D. Morgan Foundation.
About the 100 Year Club

The 100 Year Club of the Western Reserve was created in 1953 to honor an elite group of our region’s corporations and institutions that have been in continuous existence for at least one hundred years. The annual celebration recognizes the longstanding entrepreneurial and philanthropic spirit embodied in these Northeast Ohio organizations, which includes over 200 members.

About the Annual Dinner

Join the community in celebrating entrepreneurship in Northeast Ohio at the annual dinner that recognizes companies and organizations on this momentous milestone of reaching the centennial mark in their history. The evening includes networking and socializing with the region’s oldest companies, organizations and newest startups. The dinner is open to anyone who wishes to celebrate the accomplishments of existing members and new inductees.

About the Heritage Management Program - Corporate & Philanthropic

Our Heritage Management team partners with businesses, philanthropies, and nonprofits that are making history every day in Northeast Ohio. We collaborate to capture innovation, inspire pride, and forge a sense of community that creates enduring economic and social value for each organization. From managing institutional archives and digitizing historical materials to conducting oral histories and collaborating on anniversaries, the Heritage Management team is a great local resource for any organization. To learn about the benefits of Heritage Management, please contact Kristin Wright, Corporate &Philanthropic History Archivist at kwright@wrhs.org or 216-721-5722, x 1524 or visit online at www.wrhs.org/heritage-management-program.
About the Youth Entrepreneurship Education Continuum

The Western Reserve Historical Society (WRHS), in partnership with the Cleveland Metropolitan School District (CMSD), created the Youth Entrepreneurship Education (YEE) continuum model in 2013, an initiative launched with leadership funding from the Burton D. Morgan Foundation.

Two of WRHS’s museums, the Cleveland History Center and Hale Farm & Village, serve as the ideal incubators to nurture innovation and the entrepreneurial spirit in Northeast Ohio students. The YEE continuum is designed to use the stories of entrepreneurs and companies, such as yours, to inspire students to pursue the potential of an idea to solve a problem or create an opportunity for themselves and their communities. At a young age, students begin to cultivate 21st century skill sets and embrace the entrepreneurial mindset to build and steward the foundations of healthy communities. Proceeds from the HYC dinner support WRHS’s education initiatives which serve over 36,000 students annually, on site and online, including 10,000 who participate in the YEE continuum.

4th Grade | Roots of Entrepreneurship in Northeast Ohio | Hale Farm & Village
Students discover how early entrepreneurs provided the foundation for the growth of early Ohio communities. Students explore the early American crafts and trades venues while discovering a rural, barter-driven, pre-industrial economy. These experiences lead to the discovery of entrepreneurial concepts and key vocabulary acquisition.

5th Grade | Setting the World in Motion | Cleveland History Center
Surrounded by the Crawford Auto-Aviation Museum collection and examples of Cleveland’s most innovative minds of the 20th century, students identify the characteristics of an entrepreneur. Then, they imagine themselves as entrepreneurs and creatively use primary source documents to learn about productive resources and regional specialization. Scholars then use their gained knowledge as a class to complete an onsite business plan.

6th Grade | REVolution | Cleveland History Center
Utilizing the REVolution exhibit, the Chisholm Halle Costume Wing, and Cleveland Starts Here®, a core exhibition and digital platform, students explore how Cleveland entrepreneurs shaped and continue to innovate and influence the American and global experience.

7th Grade | Raising the Dough | WRHS Research Library
Using the WRHS Research Library collections, students explore the essential question of how the entrepreneurial spirit supports a healthy community. Students focus on local business Hough Bakery, Inc. Students analyze primary source documents both in the classroom using the Cleveland Starts Here® Digital Portal, and on-site at the WRHS Research Library. Students will conduct research to help Hough Bakery, Inc. make a business decision by completing a cost-benefit analysis.

We hope you will support this exciting initiative and our young Entrepreneurs-in-Training!
